Get involved with corporate volunteering at Birmingham Hippodrome

Birmingham Hippodrome is an independent charity that creates arts opportunities for everyone. We reach over one million people a year through an on and off-stage programme of work, digital presence and performances in Birmingham and beyond.

Volunteering with us is immensely rewarding and you don't need any previous experience. We offer full training and a range of opportunities to choose from which support our charitable aims.

**Help us make a difference and learn along the way.

Relaxed Performances

Our relaxed performances are created for people with special needs who may find the theatre challenging. This includes people with an Autistic Spectrum Condition, learning disability, or sensory and communication disorder.

Volunteer at one of our Relaxed Performances and you can work alongside our Visitor Services team to create lasting memories for our audiences.

“Assisting with the Hippodrome’s relaxed performance was such an incredible experience. It was heart-warming to see the expressions and excitement on the audience’s faces when the show was on. Such a rewarding day, I would encourage those who can to get involved.”

Festivals

We produce some great festivals throughout the year such as B-SIDE Hip-Hop Festival, Chinese New Year and Birmingham Weekender.

You can volunteer at one of our outdoor events, assisting audiences in finding their way around the event or encouraging participants to join in.

“The staff were very supportive and ensured that we had a great experience, keep up the good work!”

Hippodrome Young Advocates

Our Young Advocates programme brings together young people aged 14-22 to help shape the future of Birmingham Hippodrome’s work with and for young people

We are looking for volunteers to offer mentoring and help develop skills in personal brand and networking, public speaking & presentations, business growth and budget management.

“Working with Birmingham Hippodrome has provided our own team with the opportunity to share their experiences to positively nurture young leaders of the future. No matter what your business, I would highly recommend any organisation to explore the benefits this could bring them too.”

Richard Hingley,
Chief Creative officer, DRPG
