SEATING PLAN

Stalls

Please note: These diagrams are a guide and not an accurate representation of seating positions. Stalls Rows A - D are not used for Opera and Ballet performances. Other variations may apply due to technical reasons.

Due to potentially restricted views of the stage and the technical requirements of specific productions, boxes may be unavailable to purchase. They are often made available for sale closer to the time over the phone only. If you would like to enquire about a box for a specific performance, please contact us on 0121 689 3000.
